Hospital Infection Control
1998 Index

Abstract and Commentary
asymptomatic cases of nosocomial astrovirus, NOV:172
in-line suction catheters and pneumonia, JAN:13
HCV leaves limited options, MAR:46
peripheral IV catheters and routine changes, JUN:92
routine prophylaxis lowers ICU infections, AUG:124
SSI infections increase mortality, SEP:141
Synercid tested against MRSA, JUL:110
water system treatments for legionella, MAY:75

American Hospital Association
criticizes OSHA TB skin-test proposal, JUN:85

Antibiotic resistance
complementary strategies to prevent, NOV:170
consumer group demands federal action, SEP:139
hospitals a hotbed for, OCT:157
infection control education to prevent, OCT:156
IOM panel warns of coming impact, JUL:97
overuse of drugs fuels, JUL:99
panel issues and options to prevent, JUL:101
using clinical rounds to prevent, SEP:135

Association for Professionals in Infection Control and Epidemiology
argues against Cal-OSHA needle safety reg, SEP:132
drafts practice standards for ICPs, AUG:120
drafts professional standards for ICPs, AUG:121
outlines battle plan against OSHA TB rule, MAR:43
panel formed by to address IC beyond hospital, APR:1 (suppl.)

Bloodstream infections
linked to health care delivery changes, DEC:185

Centers for Disease Control and Prevention
emerging infections plan update by, NOV:166, 168
Epi Center research projects, MAY:72, 73
flu advisory by targets travelers, MAR:35
flu pandemic strain could emerge, MAR:33
HIV exposure follow-up recommendations, JUL:101, 105
issues new recommendations for health care workers, JAN:1, 3
latex allergy issue for workers, JAN:5
OSHA TB testing changes urged by, APR:58
postexposure prophylaxis hotline, JAN:16
SSI draft guidelines by, OCT:151, 153
updates data on nosocomial infections, JUN:93

Court cases
jury verdict following needlestick, FEB:17
needlestick ruling emphasizes importance of training, devices, FEB:19

Emerging infections
CDC updates plan to combat, NOV:166, 168
threaten 21st century global village, APR:49

Glycopeptide intermediate-resistant Staphylococcus aureus (GISA)
antibiotic use linked to acquisition of, OCT:154
handout on for staff, patients, JUL:109
NIAID forms network to investigate, MAY:69
one U.S. patient dies, other recovers, JAN:8
sets off public, staff fears, JUL:108
third U.S. case appears in New York, JUN:81

Group A Streptococcus
first report of needlestick transmission of, FEB:28

Guest columns/reader letters
MRSA survives on surfaces, AUG:125
OSHA inspections for IC compliance, SEP:140

Health Care Financing Administration
proposed rule by cites infection control role, FEB:29

Healthcare Infection Prevention
(Editorial supplement)
antibiotic resistance in day care settings, JUN:1
APIC consensus panel to address needs beyond hospital, APR:1
blood exposures in home care settings, DEC:1
homeless shelters and the OSHA TB rule, FEB:1
infection control in physician's offices, AUG:1
long-term care and infection control, JUN:4
OSHA TB rule scope, APR:4
SHEA guidelines for VRE in long-term care, OCT:1

Health care workers
CDC recommendations for HIV exposures to, JUL:101, 105
frontline safety conference coverage, OCT:145
HICPAC guidelines for, JAN:1

Hepatitis
HCV a forty-fold greater threat than HIV, OCT:150
HCV risk in hemodialysis centers, DEC:189

HIV
CDC revises follow-up for workers exposed to, JUL:101, 105
PEP administration to prevent, JUL:106

Hospital Infection Control Practices Advisory Committee
drafts guidelines to prevent SSIs, OCT:151, 153
guidelines by for health care workers, JAN:1
guidelines in future may be on-line, JAN:7

Infection control professionals
APIC drafts practice standards for, AUG:120
APIC drafts professional standards for, AUG:121
changing roles under managed care, DEC:177
consensus panel outlines program needs of, APR:51
consensus panel program recommendations, APR:52, 54

Need back issues? Call our order department at (800) 688-2421; inside Georgia (404) 262-7436.

develop crossword puzzle for inservices, DEC:188
programs can forge link across continuum, AUG:121
programs clinically strong but support lacking, DEC:182
unite with big business in NYC, SEP:134
use diverse roles to improve stature, AUG:118

Infection control Q&A
CBIC on ICP certification, MAR:44
CDC on nosocomial infections, JUN:93
Gerberding on CDC HIP program priorities, DEC:186
Joseph on routine stool cultures not needed for food servers, NOV:173

Influenza
CDC warns pandemic strain could emerge, MAR:33, 35
pandemic plans for in high gear, MAR:37
Spanish 1918 strain close to genetic sequencing, MAR:38

Joint Commission on Accreditation of Healthcare Organizations
may add infection control report to standards, APR:51
ORYX program may have data flaws, MAY:68

Journal Reviews (Appearing monthly. Articles cited in each column are not listed in this index.)
See JAN:14; FEB:31; MAR:48; APR:62; MAY:78; JUN:94; JUL:111; AUG:126; SEP:142; OCT:157; NOV:174; DEC:191

Latex allergy reactions
CDC addresses issue for workers, JAN:5

Legionnaires' disease
water system treatments to prevent, MAY:75

Managed care
advantages of in era of emerging infections, DEC:179
BSI increases linked to delivery changes under, DEC:185
ICPs at a crossroads in era of, DEC:177
micro laboratories report more testing under, DEC:181

Methicillin-resistant **Staphylococcus aureus**
Synercid tested against, JUL:110

MMWR **Update**
CJD infection linked to dura mater grafts, JAN:12
HCV risk in hemodialysis centers, DEC:189
measles, rubella vaccine guidelines, AUG:122
non-routine vaccines, APR:61
TB drops fifth straight year, JUN:91

National Institute of Allergy and Infectious Diseases
forms network to investigate VISA/GISA infections, MAY:69

National Institute of Occupational Safety and Health
guidelines by for sharps boxes, MAR:40

Needlesticks
California law to prevent, NOV:161, 163
Cal-OSHA regulation to prevent, SEP:131
cost of devices to prevent, FEB:20
frontline workers urge action to prevent, OCT:145
Group A strep transmitted by, FEB:28
jury verdict following could send wake-up call, FEB:17, 19
NIOSH guidelines for proper disposal to prevent, MAR:40
OSHA answers questions on prevention, OCT:148
OSHA asks for input on prevention, NOV:164
OSHA considers safety devices to prevent, SEP:129
product evaluations of devices to prevent, JUN:88
proposed law would mandate safer devices, JAN:10
safety devices only part of picture, NOV:165

Occupational Safety and Health Administration
answers questions on needlestick prevention, OCT:148
asks for input on needlestick prevention, NOV:164
inspections by for IC compliance, SEP:141
needle safety devices considered by, SEP:129
TB rule challenged by APIC, MAR:43
TB rule criticized in comments, FEB:23
TB rule hearings, JUN:81
TB rule may be revised, AUG:113
TB rule questioned by CDC official, FEB:17
TB rule testing changes urged by CDC, APR:58
TB rule skin test proposals criticized by AHA, JUN:85

Pediatric patients
national study of nosocomial infections in, JAN:11

Product evaluation
Using TQM approach for needle safety devices, JUN:88

Society for Healthcare Epidemiology of America (SHEA)
argues against infection rate disclosures, MAY:65

Surgical site infections
CDC drafts guidelines to prevent, OCT:151, 153
costly in managed care era, NOV:169
increase LOS, mortality, SEP:141
outpatients incurring hard to track, OCT:152
surveillance form to capture post-discharge, MAY:76

Synercid
efficacy against different infections, APR:58
new drug offers hope but no panacea, APR:56
tested against MRSA, JUL:111

Tuberculosis
OSHA TB rule challenged by APIC, MAR:43
OSHA TB rule criticized in comments, FEB:23
OSHA TB rule hearings, JUN:81
OSHA TB rule may be revised, AUG:113
OSHA TB rule questioned by CDC official, FEB:17
OSHA TB rule skin test proposals criticized by AHA, JUN:85
OSHA TB rule testing changes urged by CDC, APR:58

Vancomycin intermediate-resistant Staphylococcus aureus (VISA)
antibiotic use linked to acquisition of, OCT:154
handout on for staff, patients, JUL:109
NIAID forms network to investigate, MAY:69
one U.S. patient with dies, other recovers, JAN:8
sets off public, staff fears, JUL:108
third U.S. case appears in New York, JUN:81

Vancomycin-resistant enterococci (VRE)
ICPs seek solutions to problems with, FEB:25
Synercid offers hope against, but no panacea, APR:56

Water
hospital systems may pose risk, MAY:74
treatment approaches of for legionella, MAY:75

Xenotransplantation
federal guidelines for nearing completion, AUG:117
